NOTES.

1. Wage-earners who were employed part-time in 1933 were asked to indicate that fact on the Census Schedule in answer to the question regarding occupational status, and all those who so described themselves are included in the work force for that year. In 1947, however, persons working regularly, but for considerably less than normal working hours, were instructed on the Census Schedule to exclude themselves from the work force unless their earnings from such work formed their principal means of livelihood.

2. Minus sign (−) denotes decrease.
